

ALL GRADE LEVELS

Cardinal School, Inc. provides education for students from Kindergarten all the way through 12th grade. Classrooms are broken down into age groups to foster social skills and natural environment learning strategies.

Lack of proper teaching can lead to struggles and failure regardless of intellectual ability.

EDUCATED STAFF

Our staff of educators and support members are highly trained. All of our teachers are certified educators. Our behavioral support staff has been trained in applied behavioral analysis and all have a bachelor's degree. Our staff also includes volunteers and other third parties for activities such as art and music. These individuals also have a minimum of a bachelor's degree.

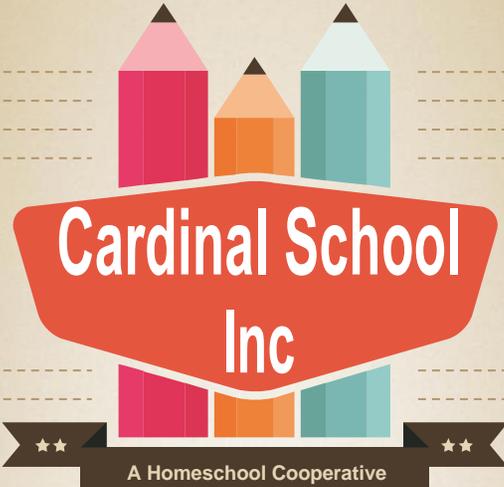

Cardinal School, Inc is a non-profit cooperation. Our programs are open to all students regardless of race, sex, color, religion, or national origin. We also welcome students who are exceptional for any reason: gifted students, students with an Autism Spectrum Disorder, ADD/ADHD, Down syndrome or many other type of learning differences.

We recognize the value of every child as an individual

Imagine a place where every child receives a personalized education that focuses on their own strengths and challenges. The Cardinal School makes that dream a reality.

Non-traditional School Environment

Our classrooms offer low student/teacher ratios with behavioral staff present in the classroom. We are able to create learning plans that give our students – and their families–new hope with regard to the education of their child. We are able to them offer an environment that has less pressure emotionally, socially, and academically on the student allowing to feel more confident and independent. We are able to change teaching strategies so that each child feels that they are empowered in the classroom.

Outstanding Academic

Cardinal School offers low classroom ratios to ensure one on one time between your child and their educator. There are scheduled break times for students to regroup and refocus.

Partnership with Parents

Social Skills

Parents are provided regular reports on student’s achievements and progress throughout the school year. We work together with parents, to collaboratively to address, areas of concern. We offer weekly social skills and guided socialization with peers and adults. Every child is valued for what they bring to the learning community.

Accountability

We believe that every child is capable of achieving high expectations and we hold ourselves accountable that each of our students demonstrates measurable, sustained progress academically, socially, and behaviorally.
